- contact them for more information

## Advantages and Disadvantages Of On-Island Higher Education

### Advantages

- Opportunities to be sponsored through your employer
- Grants for some courses and degrees
- Can choose when you study
- Can study around your working hours
- Online support
- Flexible start dates
- Work at your own pace

### Disadvantages:

- No University holidays
- You need a lot of self motivation
- Hard work doing learning and earning together
- Needs dedication
- Takes longer than full time study
- Limited range of subjects
